

# Disaster Debris Management Planning Webinar

**DILLON**  
CONSULTING

Join us in this national webinar and hear from different jurisdictions on their experiences with disaster debris management planning in the face of extreme weather events.

Platinum member

## WHEN

**Wednesday, April 19, 2023**

2 Hour Session **12:00 PM CDT**

10:00 AM PDT, 11:00 AM MDT, 1:00 PM EDT, 2:00 PM ADT, 2:30 PM NDT

## OVERVIEW

We will open with a presentation about the impacts of a changing climate, followed by presentations from four different jurisdictions across Canada that have been impacted by recent disasters.

You will leave this webinar with an understanding of how to plan for potential disaster debris management.
